

Starting a New Project

Name: _____
HR: _____
Date: _____

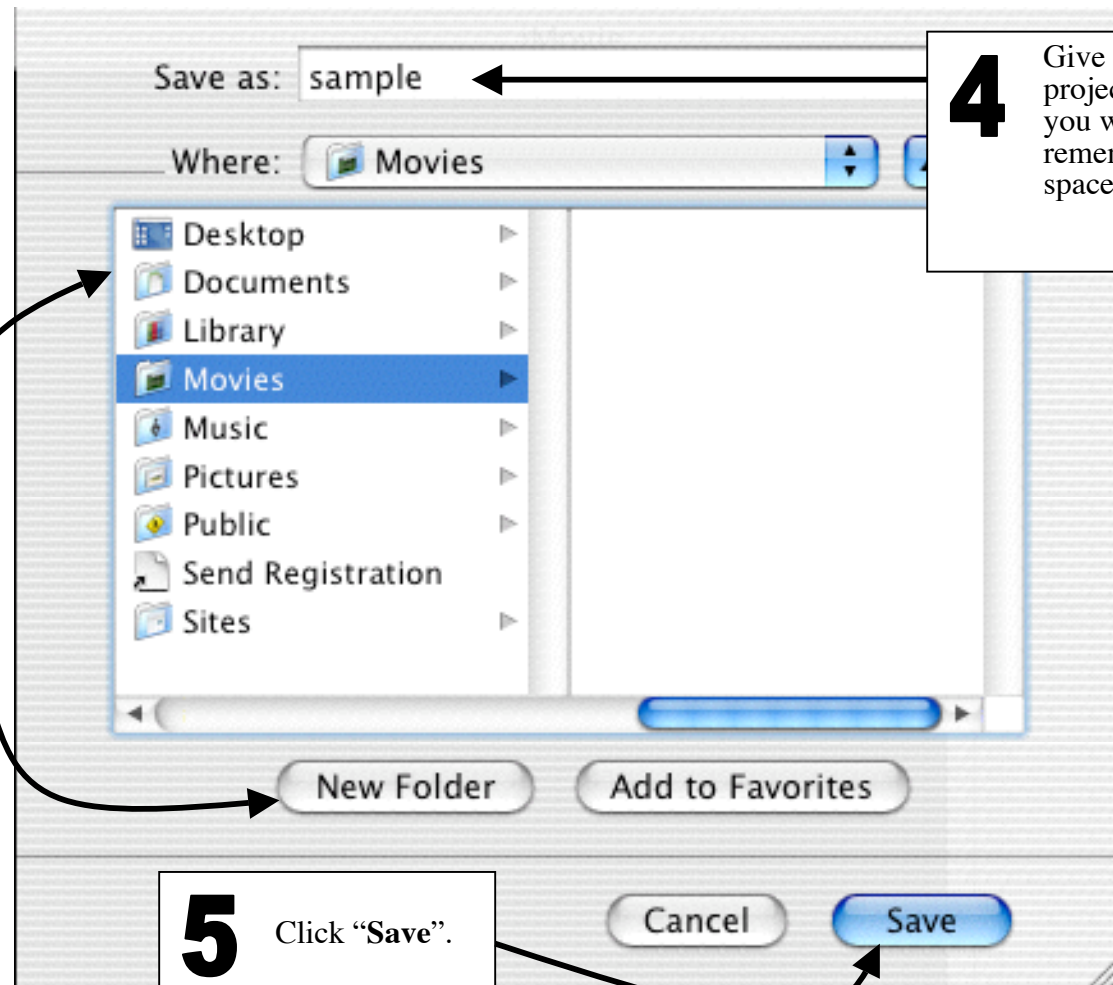

1 Click “**Create Project**” to create a new project in iMovie.
OR (if this screen doesn’t appear), Click: **File, New Project**

2 If necessary, click on the **down arrow** to choose where to save your project. Then you will see the screen on the right.

Choose the proper location for your project so you can find it again later. Usually, this is “**Desktop**.”

3 Create a **new folder** for your project.
Make sure you name your new folder with your name and homeroom (no spaces).

4 Give your project a **name** you will remember (no spaces).

5 Click “**Save**”.
